Title: Blueprints for Violence Prevention Process Evaluation of the Life Skills Training Drug Prevention Program: Factors Related to Implementation Fidelity

Version: 2 Date: 29 August 2006

Reviewer: Dean Fixsen

Reviewer's report:

General

The authors were responsive to the suggestions made by the reviewers and editor. The MS is clearly written, addresses questions that are important for the field, and uses acceptable methods to reach valid conclusions and offer useful insights. Congratulations to the authors for taking on such a large and important project and providing the data for publication in the Journal.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
