### **Author's response to reviews:**

Dear Dr. Eccles,

Dear Dr. Mittman,

We are pleased to submit the revised version of the manuscript entitled "Healthcare professionals and managers' participation in developing an intervention:

A pre-intervention study in the elderly care context".

We would like to thank you and the reviewer for your time and consideration. We have made the requested change : we dropped the word precious in the conclusion.

Please do not hesitate to contact me if you have any other comment.

With best wishes,

Dr Isabelle Vedel
