Dear Dr Mittman,

RE: Evolution of Wenger's Concept of Community of Practice

Enclosed please find the revision of the abovementioned paper. We would like to thank the reviewer, Dr. Manske, for his helpful comments. The following changes have been made:

1. The description of the social constructivist perspective is revised (pg. 5, 2nd paragraph).
2. The typo on pg. 11 is corrected from 'axis' to 'axes'.
3. Table 1 is revised to clarify the findings of the literature review.

We look forward to the final decision about this manuscript.

Sincerely yours,
