### **Author's response to reviews:**

Dear Robbie,

Thank you and the IS copyediting team for the copy edits to the study protocol. I have reviewed and accepted all the changes, and am submitting appendices A and B as separate files, as requested in your 6/25/09 email. I will be out of email range between 6/29 and 7/6; should you need any additional edits or information during that time, please do not hesitate to contact Donna Espadas (the study coordinator and one of the authors) at [donna.espadas@va.gov](mailto:donna.espadas@va.gov) for any assistance.

I look forward to continuing to work with you and seeing the protocol in print.

Best regards,

Sylvia J. Hysong
