Martin Eccles,  
Editor-in-Chief  
Implementation Science

December 4, 2007.

Dear Dr. Eccles

**RE:** Mapping as a Knowledge Tool for Ontario Early Years Centres: Views from Data Analysts and Managers - MS: 3244926271470684

This letter is in response to the reviewer's report on **Mapping as a Knowledge Tool for Ontario Early Years Centres: Views from Data Analysts and Managers** submitted to Implementation Science. We have addressed the minor essential revisions as follows:

1. In order to define the term DAC, we have written out Data Analyst Coordinator the first time the term is introduced (page 4).
2. On page 4, we have altered 'ORMU' to read 'OMRU' as intended.
3. The spacing after quotations and before subsequent paragraphs has been adjusted to two spaces throughout the document in order to maintain consistency.

The revised document is attached along with this letter. Please do not hesitate to contact me should you require any additional information.

Sincerely,

Anita Kothari, Ph.D.
