Title: A Description of a Knowledge Broker Role Implemented as Part of a Randomized Controlled Trial Evaluating Three Knowledge Translation Strategies

Version: 1 **Date:** 24 October 2008

Reviewer: Huw Davies

Reviewer's report:

While a very descriptive piece this paper nonetheless provides useful fine-grained details on the processes of knowledge brokering that nicely complements the main paper that reports on the RCT of various knowledge transfer and exchange strategies. I would recommend it for publication.
